IALS Student Law Review (ISLRev) is published online twice a year in [SAS Open Journals](#) by the Institute of Advanced Legal Studies, School of Advanced Study, University of London.

IALS Student Law Review is run by IALS PhD legal research students assisted by an academic member of staff at IALS. The journal is intended as a showcase for legal scholars from postgraduate students and early career scholars to well-established academics; and intends to target both members of the legal academia and practitioners in addition to students.

If you would like to submit a paper, please contact us via the journal's homepage

We welcome contributions. **IALS Student Law Review** aims to provide a unique forum for all those who are interested in legal studies to present their scholarly contributions. The unique offering of the **IALS Student Law Review** is that it allows for publication on multi-dimensional legal studies. In addition, it proactively encourages analytical and comparative studies. Papers that investigate legal issues from single or multiple vantage points whether topically or jurisdictionally are equally welcomed, as are papers examining law-related interdisciplinary work
